REPORT ON PATENTABILITY

Applicants bring to the attention of the Examiner the attached document.

Attached is an English-language translation of an International Preliminary Report on Patentability ("IPRP") dated August 31, 2006 that issued in a related PCT/JP2005/000042 application. Applicants respectfully request that the Examiner consider the IPRP as it relates to the above-identified application.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If it should be determined that any of the listed documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the office the relevant facts and law regarding the appropriate status of such document.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

Except for issue fees payable under 37 C.F.R. § 1.18, the Commissioner is hereby authorized by this paper to charge any additional fees during the entire pendency of this application including fees due under 37 C.F.R. § 1.16 and 1.17 which may be required, including any required extension of time fees, or credit any overpayment to Deposit Account No. 50-0310.
